will be mostly cloudy with a 70 percent chance of showers and thunderstorms, highs in the mid 70s. Tuesday night will be cloudy with a 40 percent chance of showers, lows in upper 70s.

## Evaluation group to view teacher ed

by Ron Wesel

Eastern's teacher education department is preparing for a visit from an accreditation team which will determine whether the department "still has a high quality of instruction," an education administrator said Friday.

Ron Leathers of the School of Education said an accreditation team from the National Council for Accreditation of Teacher Education will visit Eastern to study the teacher education programs Nov. 8-10.

The teacher education program must be reaccredited to ensure that the school is maintaining a level of quality. The reaccreditation process takes place every 10 years, Leathers added.

The accreditation team will be comprised of 12 nationwide volunteers. "They represent university professors and administrators along with public school teachers and administrators. There will also be one student on the team," Leathers said.

Leathers said he has been in charge of preparing institutional reports for the accreditation team. The reports contain descriptions of the various educational programs, which will be used as a guide when observing the teacher education courses.

"A large portion of the visit will consist of interviews with the faculty, administrators and students," Leathers said.

After the visit, the team will complete reports detailing their findings. The reports then are sent to NCATE for a final decision, Leathers said.

Eastern's officials will be notified of the team's findings by January, he said. Some program improvements may be needed before reaccreditation is finally given.

"I expect that in the final analysis we will be fully accredited," Leathers said.

The education department received its initial accreditation in 1964.

## BOG receives honors for new B.A. program

by Nancy Yamin

The Board of Governors' Bachelor of Arts Program has received an award for innovation and change in higher education.

The degree program, which was nominated by Eastern to receive the award, was chosen by the American Association of State Colleges and Universities as one of five outstanding programs in the nation competing for the G. Theodore Mitau award.

The BOG/BA program, which began in 1973, was "designed especially for the working adult who has job and family responsibilities and whose schedule does not fit that of a typical college student," BOG Deputy Executive for Academic Affairs Robert A. Pringle said.

There are three ways for people

to receive credit through the BOG/BA program, he added.

The program accepts transfer credits from other schools, requests for academic credit for life or job experiences and credits earned for courses taken once a person enrolls in the program.

A student who requests credit for life or job experiences must submit a portfolio which relates his experiences to the course description, Pringle said.

He said, "We are interested in what a person knows rather than when they learned it, where they learned it or how they learned it."

The program is for people who have taken numerous college courses but for one reason or another have not received an official degree, Pringle added.

## Photo equipment stolen, Warbler sittings canceled

Seniors who scheduled Tuesday appointments for their year-book portraits will have to reschedule those appointments because the truck that was transporting the photography equipment to Eastern was hijacked over the weekend.

"The photographer who was scheduled for Tuesday's sittings had her equipment stolen while she was in Detroit," Warbler Editorial Director Arlen Miller said.

The photographer is now in Cincinnati waiting on replacements for the stolen equipment, Miller said.

Portraits will be taken Wednesday and only those seniors scheduled for Wednesday should come on that day, Miller said.

Seniors who had Tuesday appointments should go to the Warbler's sign-up table in the Union to make a new appointment for either Sept. 24 or 25.

## Hit and run

Eastern junior running back Wes Nixon sprints outside Saturday, picking up part of his 133 yards for the day. Halfback Kevin Staple added 144 yards on the ground as the Panthers gathered 477 yards in total of-

fense. Eastern's 27-14 season-opening victory over the Illinois State Redbirds avenged one of last season's five defeats. For the complete story, see page 16. (News photo by Fred Zwicky)

## Former SAM head mistaken; campus group not abolished

by Elise Dinquel

The Society for the Advancement of Management has not been abolished at Eastern, although a former SAM officer said it had been in an article that appeared in Friday's edition of *The Daily Eastern News*.

Todd Carrier, former SAM chairman of the board, said in Friday's article that SAM was abolished this year due to a lack of communication between its campus organizers and the group's national sponsor, the New York-based American Marketing Association.

Carrier also said he was in the process of forming a new group, the Junior Alliance of Managers and Marketers (JAMM), to replace SAM.

However, Jerry Geisler, chairman of the management and marketing department, said Friday that Carrier had no authority to abolish SAM and that it will be on campus again this year.

"The outgoing president (Carrier) just took it upon himself to abolish an organiza-

tion that he had no right to (abolish)," Geisler said.

Carrier said Sunday, however, that he had been under the impression that SAM was abolished because all of its former officers were now forming JAMM.

"I was saying that I wasn't going to run SAM this year since they (SAM's national sponsor) made us a lot of promises last year and didn't come through. So I took all my contacts and am putting them into JAMM," Carrier said.

Yunis Kathawala, also of the management and marketing department, has been chosen as this year's faculty sponsor for SAM and is currently planning a membership drive, Geisler said.

"It (SAM) will be the same kind of organization as it was last year," Geisler noted. "It won't change a bit."

Students interested in joining SAM should contact Kathawala at Coleman Hall room 317 or by calling 581-6119.

Associated Press

## News Round-Up

### Chicago schools to open on time

CHICAGO—The Chicago Teachers Union's House of Delegates voted Monday to recommend ratification of a one-year contract with the Board of Education, clearing the way for schools to open on time Wednesday.

But negotiations at two other suburban districts and two downstate districts being struck by teachers remained stalemated with no further bargaining sessions scheduled.

The vote was an overwhelming 451-10 in favor of the contract, and union president Robert M. Healey predicted the agreement would be approved when the union rank-and-file meets for a vote on Sept. 16.

The delegates' vote came after the Chicago School Finance Authority approved the Board of Education's revised financial plan and budget for the approaching school year.

### Cities revive Labor Day parades

Three cities revived the traditional workers' parade Monday and unions blamed President Reagan for the worst unemployment in 40 years as Americans celebrated or mourned the state of organized labor on the 100th anniversary of the first Labor Day.

AFL-CIO President Lane Kirkland told a crowd in Texas that the Reagan administration "knows the price of everything in dollars and the value of nothing on the scale of humanity."

But Labor Secretary Raymond Donovan said in a television interview that Reagan was sensitive to "the ills of unemployment," and he predicted the jobless rate, which stood at 9.8 percent of the labor force in July and August, would begin to drop in the fall.

## Arab leaders back Reagan's plan

FEZ, Morocco (AP)—Arab kings and presidents met in this ancient religious capital Monday to discuss a possible joint peace initiative, and an Arab news agency said most of them are tentatively backing President Reagan's recent Middle East proposals.

The Bahrain-based Gulf News Agency, quoting sources at the three-day Arab League summit here, said the leaders have some "minor reservations" about the proposals.

But it said they are expected to form a delegation "to undertake consultations in the United States and Europe about the American plan and about pushing the case forward."

Official Moroccan sources told the *The Associated Press* that the Arabs are especially concerned about Israel's decision Sunday ap-

proving new settlements in the occupied West Bank and Gaza Strip—despite Reagan's call for a freeze on new settlements there.

The officials, who asked not to be named, said Reagan's ability to persuade the Israeli leaders to back away from this decision would test whether he can deliver on the rest of his plan, which has been rejected outright by Israel's Cabinet.

Of the Arab nations, only Egypt has made an official comment on Reagan's proposal last week for a Palestinian-run government on the West Bank and Gaza Strip in close association with Jordan, saying it had "positive points." But the Egyptians have been ostracized by their fellow Arabs for their peace treaty with Israel and were not invited to Fez.

## Congress faces veto showdown

WASHINGTON (AP)—Congress returns from its Labor Day recess this week facing seemingly heavy odds against overriding President Reagan's veto of a \$14 billion supplemental appropriations bill.

Although White House spokesmen say they anticipate "an uphill battle" in getting Congress to sustain the Aug. 28 veto, House Speaker Thomas P. O'Neill, D-Mass., acknowledges getting the necessary two-thirds vote in both chambers will be tough.

Senate Majority Leader Howard H. Baker Jr., R-Tenn., has said Reagan will win this newest budgetary showdown with Congress.

A House override vote could take place as ear-

ly as Wednesday. If the House sustains the veto, the matter will not reach the Senate since both chambers must vote to override.

Caught in the middle are some 19,000 Internal Revenue Service workers, who face mid-week layoffs unless there's a quick resolution of the money quarrel or an internal agency transfer of funds, which requires written authorization by the heads of the congressional budget panels.

Tens of thousands of others in the federal work force, at such agencies as the departments of Labor and Health and Human Services and the National Aeronautics and Space Administration, could be forced to take unpaid leave time by Sept. 15 unless the impasse is resolved.

### 'G'night Jim-Bob'

Another day comes to a close and viewed from the soccer field, Eastern's campus surrounding the pond resembles a tranquil paradise or an imaginary oasis. Through the eye of the camera, on this evening, even the residence halls

in the background look more like tropical hotels than dormitories. (News photo by Brian Ormiston)

## 'Relating' seminars offered

by Cathy Gregory

Kicking off the new series of Life Skills Seminars sponsored by the Counseling Center is a special get-acquainted session designed to help students begin new relationships.

Genie Lenihan, coordinator of the series, said the first seminar, "Making Contact," is designed to help people learn to get acquainted with others and develop honest relationships.

"Very often people try to protect themselves from rejection by not getting close to anyone or taking any risks," Lenihan said.

"By doing so they lend themselves to 'cold pricklies' instead of 'warm fuzzies,' and being cold and prickly is a sad way to go through life. They lose out on potential for friendships," she explained.

The director of the "Making Contact" seminar is Robert Saltmarsh, who Lenihan said is very well known on the state and national level for his work in helping people establish meaningful relationships.

"He will incorporate some practice in his presentations to help people get acquainted by practicing strategies," she added. "He is a very pleasant and dynamic presenter, and the workshop should be a lot of fun."

Saltmarsh, from Eastern's educational psychology and guidance department, said he intends to provide information on how to give and receive verbal and non-verbal cues which are important when people meet for the first time.

"We're planning a fun and pleasant session to help make people take a look at how they form relationships with others," Saltmarsh said.

Lenihan said, "The seminars, in general, are oriented around psychological issues and life-adjustment skills. They offer a real opportunity for people to get together and discuss some common problems and ways to overcome them."

"We also welcome any feedback from interested persons on what type of seminars or workshops would be beneficial," she added.

Those wishing to suggest topics or to obtain additional information concerning this fall's seminars and workshops may contact Lenihan at the Counseling Center.

The one-hour session, "Making Contact," will be offered free to interested faculty, staff, and students at noon Sept. 8 in the Union addition Charleston-Mattoon Room.

## Senate offers 60 new board seats

by Crystal Schrof

Students who are interested in how their student activity fee is being spent may want to consider joining one of Eastern's student-faculty boards.

Eastern's student-faculty boards determine policy and budgets for the various student activity fee-funded groups, Student Senate Executive Vice President Tony Parascandola said.

The boards are responsible for considering all budget requests before sending them to the Apportionment Board, he explained.

Currently, there are over 60 student positions and some chairmanships available on the student-faculty boards, Parascandola said.

Some of the student-faculty boards include the Health Service Board, Publications Board, Intercollegiate Athletics Board and Performing and Visual Arts Board.

Interested students can pick up an application between 8 a.m. and 4 p.m. at the Student Activities Office on the second floor of the Union addition.

Parascandola said he hopes to have the available positions filled as soon as possible.

## No signatures on evaluations needed

If implemented, the Faculty Senate's proposal requiring students to sign teacher evaluations will defeat its main objective.

The faculty evaluations, conducted each semester, are designed to reflect student opinion of an instructor's teaching ability and knowledge of the course subject. More importantly, evaluations can be a factor in determining a teacher's tenure.

Currently, the evaluations are to be filled out by students at the close of each semester, placed in an envelope, sealed and taken directly to the department head by someone other than the instructor.

Presently, the evaluations do not require student signatures.

However, members of the Faculty Senate apparently do not believe the current procedure is accomplishing what it is supposed to do—reflect students' honest opinions concerning a particular teacher's performance during the semester.

Senate members believe anonymous evaluations are not as credible as those which are signed.

But faculty and students agree that signed evaluations would only result in dishonest responses.

Faculty Senate secretary E.G. Gabbard said

### Editorial

signed evaluations would "intimidate" students. Some students have said they would simply refuse to cooperate with the new procedure, if implemented.

Faculty members are not allowed to view the evaluations until final grades have been computed. But, if a teacher were inadvertently to see the evaluations, a student's response could jeopardize his grade. And that possibility would force many students to write flattering comments, when a less complimentary report would be more accurate.

In addition, students may later enroll in a class taught by a teacher they evaluated negatively. Negative responses on signed evaluations may prejudice that teacher against the student.

The elimination of anonymity on faculty evaluations defeats the purpose of those evaluations—honest response and constructive criticism of faculty.

Only honest answers will improve teaching standards and will be a greater service to both the instructor and students.

Signed evaluations will result in dishonest responses. For this reason, the proposal should be dropped.

### Your turn

#### Signatures unnecessary

Editor:

Regarding the suggestion to require students to sign their evaluations of professors: I, for one, accept at face value what my students have to say about me without their signatures attached. I think students are as honest with us professors as we are with them.

And while the evaluations are neither the best nor the only way of providing feedback to us professors and to our students, I would like to see an expanded use of the information they generate, for I hope that such a move would spark an institutional commitment to improve pedagogical competencies.

Finally, it seems only fair for those professors who insist upon student signatures to themselves sign the waiver form permitting such information to be published by the student government committee.

Hal Malehorn  
Professor, Elementary Education

#### Early mowing annoying

Editor:

Why do the Eastern public service workers have to cut the grass around the dorms at 7 a.m.? Do you know how disturbing it is to study half the night and then get rudely awakened by windows rumbling due to an earsplitting rider mower that cruised right outside of your window? Surely more common sense can be used in the future grass cutting weeks. There must be some alternative!

Name withheld by request

#### Letter policy

The name and phone number of at least one author must be submitted with each letter to the editor. Letters submitted without a name (or with a pseudonym) or without a phone number or other means of verifying authorships will not be published.

Names will be withheld on request.

Letters should be typewritten and should not exceed 250 words. Letters which exceed the 250-word limit will be edited to fit with the writer's permission. Please try to hold letters to the limit before submitting them. Handwritten letters will be accepted but must be legible.

## Man against Nature—hayfever takes its toll

The saying goes, "for every thing there is a season."

Fall is the time for Mother Nature to begin resting and making the world red, brown, yellow and orange; winter is the time for snowmen, blizzards and icicles; spring is the time when "a young man's thoughts turn to love."

And summer is the time for hay fever sufferers to start the seemingly endless battle of the nose.

Actually, the suffering doesn't begin until late summer—a couple of weeks before school starts. That gives people afflicted with hay fever two challenging things to look forward to.

Some are lucky. Some people have only mild cases that can be treated by an occasional pill.

Others are so harshly afflicted that they have to become extremely skillful in breathing through their mouths without sounding perverted.

The nose, at this point in time, becomes the enemy to the person with hay fever, just as teachers become enemies to students when finals roll around.

Nighttime seems to be the peak time for skirmishes.

How many nights do 'normal' people have to prop up their pillows so the sleeping position bears a great resemblance to the sitting position? This position is only effective, of course, in a well air-conditioned bedroom with a large box of facial tissues nearby (no particular brand needed—even generic will do the job).

As the battle continues, one thing leads to another. The sneezing and stopped-up nose soon become joined by another friend, The Headache. Not your ordinary, run-of-the-mill headache, mind you; this is a sinus headache. This

### Personal file:

Sharon Bray

allows not only the upper cranial region to suffer intense pain but also the cheek area where the sinuses are located.

But, having hay fever isn't all that bad. Hay fever 'soldiers' are 'blessed' people. At least it would seem that way, since the term "bless you" is often heard throughout the course of the day.

Hay fever is a tricky opponent. When you least expect it, during class or maybe even during a romantic moment, it strikes. It can take on many forms when it attacks. A violent sneezing fit can occur or a mild nasal drip will come from the nose. Even better yet, the eyes will become extremely irritated, itchy and sore. This, of course, calls for immediate action by your favorite type of eyedrops.

This also means that if you see someone with red eyes, they are not necessarily hung over from a late night at the bars. They could be hay fever troopers who wouldn't waste their time or money at the bars because they couldn't taste the brew being used to drown their sorrows.

If you know someone with hay fever, be sympathetic and understanding—after all, it's a tough world out there. And sufferers, be patient—the battles will end within a month or so.

—Sharon Bray is assistant campus editor at The Daily Eastern News.

# 'Pizza Joe' takes a bite out of fast food fame

Joe Adducci, owner of Adducci's Pizza, 716 Jackson Ave., is busy adding sauce to the crust of what he calls one of "the best pizzas in Illinois." (News photo by Brian Ormiston)

by Matt Krasnowski

In an age when fast food is taking over, there are still some restaurants that specialize in old-fashioned home cooking.

One of these restaurants, Adducci's Pizza, is now celebrating its 25th anniversary. Owner Joe Adducci, who is also known as Pizza Joe, said, "We're trying to get people to come in and try out things like ravioli, lasagna and mostaccioli, homemade items that they have never tried."

Adducci started in the restaurant business after serving in the armed services in World War II and the Korean War.

He started in his hometown of Chicago. "I started out in seafood and later put pizza on the menu," he said.

"One particular customer came in and ordered a pizza, the guy told me no one (pizza maker) could satisfy him. So I asked him how he'd like me to make it. He said he liked a lot of romano cheese on top of the mozzarella. So I made it for him.

"The next day I came in and the guy had slipped the pizza between the two metal doors of the restaurant with a note that said, 'Learn how to make pizza.'"

"I learned through the years and now I'll compare my pizza to anyone in the state. The crust is what makes my pizza, how it's topped is up to the customer."

He was once offered \$5,000 for his pizza crust. "I'll get my wife to verify that," he said.

Adducci was attracted to Charleston

after a friend, Jim Aurelio, opened a pizza parlor in Macomb, home of Western Illinois University, and had good business.

The Adduccis now operate in their original Charleston location. However, the restaurant's name and location have been changed over the years.

The original restaurant was named Pizza Joe's. The Adduccis then moved to several different locations throughout Charleston and Casey, under different names, before returning to 716 Jackson Ave. and deciding on the name Adducci's.

Adducci said he can spot a bad pizza "just by looking at it."

"Places today don't know how to put on extras," he said. "With extra sauce they usually just throw it on with the rest of the sauce. But when you do that it usually turns out like this." Adducci picked up a menu by its edge and let it sag limply, like a cheap paper plate.

When asked the secret to putting on extra sauce or what seasoning he uses in the sauce, he said, "I keep my secrets."

Adducci said through the years his relationship with Eastern students "has been good."

"I think the students as a whole are a good class of kids. I feel that a lot of these kids grew up with my pizza."

When asked what he believes is the secret to good pizza, Adducci said "definitely" the crust. He added, "if the crust is right and everything else is fresh, like mine, then you got a great pizza."

# Polish Embassy captured by anti-communist band

BERN, Switzerland (AP)—Police opened telephone negotiations late Monday with a band of professed anti-communist revolutionaries who seized the Polish Embassy here and threatened to "blow this shack away and everyone in it" unless martial law is lifted in their homeland.

"I would not say it's a standstill," said Ulrich Hubacher of the federal Justice and Police Ministry.

But he said the raiders, who claimed to have 13 "diplomatic personnel" as hostages, had not backed off their demands, which also include the release of all political internees in Poland.

The leader of the terrorists, who identified himself only as Col. Wysocki of the "Polish Revolutionary Home Army," told *The Associated Press* in a telephone interview that his group was heavily armed and had 55 pounds of dynamite.

He said they would blow up the embassy, with themselves and the hostages inside, if the Polish government does not meet their demands within 48 hours, or midmorning Wednesday.

He said a Polish-speaking representative to the 24-member federal crisis team handling the takeover had two lengthy telephone conversations with the embassy raiders. He characterized them as "certainly serious."

Wysocki, who claimed to be a descendant of two 19th century Polish rebels, said his group was not connected with the suspended Polish labor union Solidarity.

Exiled Solidarity spokesmen in Western Europe said they had never heard of the group, and Hubacher said, "We have no indication whatsoever about any liaison with Solidarity and the terrorists."

The Polish Foreign Ministry refused to comment on the gunmen's demands, saying only that the Bern embassy was seized and that its chief diplomatic officer, Charge d'Affaires Stanislaw R. Dobrowolski, was in Poland on vacation.

But the Polish news media provided extensive coverage of the occupation, believed the first terrorist attack on foreign soil against the martial law regime, and launched a propaganda barrage against Solidarity "extremists."

Warsaw television blamed the takeover on "people who hate Poland" and failed to organize pro-Solidarity protests in the West last week.

The official news agency PAP said the terrorists' demands were "similar to those addressed to Polish authorities by Solidarity extremists and by some NATO states which are interested in continued tension in Poland."

# Bikers learn the ropes in motorcycle course

A motorcycle course, sponsored jointly by the Illinois Department of Transportation and Eastern and free to anyone 16-years-old and older, is held in the O'Brien Stadium parking lot 5:30 to 9 p.m. weekdays.

Counterclockwise from top left, an unidentified rider learns during actual cycle instruction; students check their bikes, which are provided by local motorcycle shops; and students go through a simulated intersection. The course is taught by Marty Reed (top right), and Bill Spitser (lower right), who are both certified by the Motorcycle Safety Foundation. For more information, call 581-2019. (News photos by Brian Ormiston)

## Your Proud Actives

## Faculty Senate discusses teacher evaluation forms

Eastern's Faculty Senate will continue discussing teacher evaluation forms Tuesday after hearing presentations on the subject.

Faculty Senate Vice-Chairman Richard Goodrick said he anticipates speakers from the psychology department and Student Services Testing Center to address the senate on teacher evaluations.

The senate has previously discussed requiring students to sign teacher evaluation forms.

"There are a number of things to be brought up about the importance of the evaluations," Goodrick said.

"For example," he continued, "the evaluations are important not only for the retention of teachers but also for promotions."

Goodrick said the idea to review the evaluations was brought up during the Summer Faculty Senate, but the summer senate never really had a chance to fully discuss it.

Goodrick said the Faculty Senate will now fully discuss and evaluate the issue.

The Faculty Senate will meet at 3 p.m. Tuesday in the Union addition Martinsville Room.

## 'Godspell' tickets on sale as 'Dracula' tryouts open

Tickets will go on sale Tuesday at 1 p.m. at the Fine Arts box office for Eastern's production of "Godspell," which will reopen this weekend.

"Godspell" is reopening under the direction of E.G. Gabbard after summer performances here, J. Sain of the theater arts department said.

Tickets may also be purchased at the Fine Arts Center ticket office before the performances, which are set for Thursday, Friday and Saturday at 8 p.m. and Sunday at 2 p.m.

In addition, open auditions for the 1982 Homecoming production of

"Count Dracula" will be held at 7:30 p.m. Tuesday and Wednesday in the Playroom of the Doudna Fine Arts Center.

Written by Ted Tiller, "Count Dracula" is a new version of the 19th century novel "Dracula."

The play will be directed by Gerald Sullivan, theater arts acting chairman, who said there are parts available for seven men and two women. Auditions are open to any registered Eastern student.

For more information about the play or auditions, call 581-3110.

# Group says U.S. leads in atomic weapon race

WASHINGTON (AP)—The United States has 50 percent more nuclear weapons than the Soviet Union, despite President Reagan's assertion that the Russians have the upper hand, a liberal-oriented defense group asserted Monday.

The United States has stockpiles of about 12,000 atomic warheads, compared to about 8,000 for the Soviets, said the Center for Defense Information, a private, non-profit group which has in the past criticized defense spending increases.

Reagan has proposed a \$215.9 billion Pentagon spending plan for the new fiscal 1983 budget year starting Oct. 1 - a peacetime record 15.9 percent jump in outlays. He said U.S. defenses must be modernized to com-

pete with the Soviets.

Replying to a question during a nationally broadcast news conference last Mar. 31, Reagan said, "The truth of the matter is that on balance the Soviet Union does have a definite margin of superiority, enough so that there is a risk and there is what I have called, as you all know, several times, a window of vulnerability."

That statement renewed a longstanding debate about the relative strength of U.S. and Soviet nuclear forces.

In the report released Monday, retired Rear Adm. Gene La Rocque, the center's director accused Reagan of "trying to scare the pants off the American public to try to persuade them that all the new weapons systems are needed."

The administration, he said, is casting the United States as No. 2 to win public support for the defense spending buildup.

In Santa Barbara, Calif., where Reagan was winding up a late-summer vacation, deputy White House press secretary Larry Speakes declined comment on the report Monday, saying he had not yet seen it.

The administration position is that where the Soviets have the advantage is not necessarily in sheer numbers, but in the destructive capability of its nuclear weapons- specifically the land-based intercontinental ballistic missiles.

The report maintained that the United States has a large edge in both seaborne and airborne nuclear

weapons while the Soviets are ahead in land-based weapons.

Even the Soviet land-based advantage is not as great as it looks, it said.

The reference to 12,000 U.S. nuclear weapons, versus 8,000 for the Soviets, includes all armaments and bombs that could be fired in a war- not exclusively those mounted and poised for firing.

In that March news conference, Reagan said the United States and the Soviet union "each have about 7,500 nuclear warheads poised on missiles that can reach their targets in a matter of minutes."

Negotiators for the two countries are now bargaining in Geneva, Switzerland on a possible reduction on the level of nuclear armaments in Europe.

# Poll: voters favor Hartigan

CHICAGO, (AP)—Former Lt. Gov. Neil Hartigan holds a comfortable lead over incumbent Republican Tyrone Fahner in the race for attorney general, a Chicago Tribune poll said Monday.

The poll, based on 404 telephone interviews with registered voters, also found that two other incumbents, Secretary of State Jim Edgar, a Republican, and Comptroller Roland Burris, a Democrat, are faring better in lead their opponents in bids to retain their jobs.

In the race for Illinois attorney general, the poll said Hartigan, a Chicago Democrat, leads Fahner by a 37 percent to 34 percent margin. That is a marked improvement over the 38-26 percent lead Hartigan held four months ago.

The Tribune poll showed that Hartigan is ahead of Fahner in suburban Cook County, the five collar counties and downstate.

Even though Fahner has the backing of more than two-thirds of Republicans, Hartigan is ahead in every other demographic breakdown measured by the poll.

In other races, the poll shows Edgar has a statewide edge of 52 percent to 36 percent over his Democratic challenger, state Treasurer Jerome Cosentino, in the race for secretary of state. In April, a poll showed Edgar leading his opponent by 10 percentage points.

Both Fahner and Edgar were appointed by Gov. James R. Thompson.

Fahner was selected as attorney general in July 1980, after William Scott was convicted of income tax fraud.

## 'Drive' meeting rescheduled

A general meeting for volunteers interested in working for Eastern's fall blood drive has been rescheduled.

The meeting, originally set for 3 p.m. Tuesday, is now scheduled for 3:30 p.m. in the Union addition Charleston-Mattoon room.

A theme for the drive has also been chosen, this year's blood drive chairman May Pionek said. The theme will depict characters from the Doonesbury comic strip with the slogan "Remember, gang, we're out for blood!"

## Model U.N. to meet

The Model United Nations has scheduled an organizational meeting for 7:30 p.m. Tuesday in Coleman Hall room 203.

The Model United Nations, sponsored through Eastern's political science department, is set up as a "mock UN" to discuss international relations and issues with students representing nations, public relations director Tom Flynn said.

Students currently enrolled in a UN diplomacy course are urged to attend the meeting, as well as anyone else with an interest in international affairs, Flynn said.

### Over the top

An Eastern volleyball player dinks the ball over a double-block set up by Bradley Saturday. The Panthers lost to Bradley 15-8, 8-15, 15-8 in the opening round of the four-team EIU Invitational, but Eastern came back with three straight triumphs to win the tournament title. (News photo by Fred Zwicky)

### Spurs from page 16

Christensen found Nixon on two occasions for 19 yards and rolled right for 31 yards on a broken play to set up Staple's four-yard TD scurry.

Illinois State added its final score at the start of the fourth quarter when Jones leaped over the middle from a yard out. The play followed a 45-yard catch by Clarence Collins. The six-play drive covered 69 yards.

The Redbirds' last-ditch effort to pull the game within seven was thwarted as interceptions by McCue, Gary Bridges and Jackson preserved the 13-point spread.

## Scoreboard

Scoreboard is published on Mondays, Wednesdays and Fridays. Results should be phoned in or delivered to the sports desk by 2 p.m. one day prior to publication. Scoreboard compiled by John Best.

# Eastern spikers rally; take invitational title

by Susan McCann

After an opening-match loss, Eastern's volleyball squad rallied for three-straight triumphs Saturday to win the EIU Invitational title.

The Panther spikers began the four-team tournament with a disappointing 15-8, 8-15, 15-8 loss to Bradley University.

Eastern coach Carol Gruber said her squad seemed to have "opening match jitters" and was nervous against the Lady Braves but, "we just decided we needed to play better ball after the Bradley match."

The Panthers responded with a two-game victory over the University of Northern Iowa. Entering the 1 p.m. matches, all four squads had split their two decisions, leaving the final games of the round-robin to decide who would vie for the title.

Eastern then downed Northern Illinois, although the Panthers had to fight back from a first-game defeat to top NIU by a 13-15, 15-12, 15-8 score.

Northern Iowa qualified for the title-

game rematch with Eastern by defeating Bradley.

The Panthers fell behind for the third time Saturday, dropping the first game of the invitational's final match 6-15. But Eastern's spikers survived a grueling second game to notch an 18-16 victory and even the best-of-five series at one game each.

Northern Iowa went back on top with a 15-12 victory, but Eastern's squad wrapped up the title with 15-12 and 15-9 triumphs.

Sophomore Donna Uhler started all four Panther contests and scored 36 kills in 95 chances, while committing 14 errors. Bonnie Fisk slammed 31 kills, making an unreturnable hit 29 percent of her opportunities.

Senior Rhonda Morel, who started the first three matches of the invitational, compiled the best percentage, scoring 26 kills for a 29.4-percent rate.

The Panthers sport a 3-1 record as they face Big 10 competition 7 p.m. Tuesday when Indiana University invades Lantz Gym.

# Field hockey squad tallies important win at Western

by Julie Deetz

Eastern's field hockey team tallied a 2-1 victory over host Western Illinois University Saturday, highlighting the Panthers' scrimmages at the College Day Tourney.

Coach Beth Reichel said she is especially pleased with the victory over Western, also a member of the Gateway Collegiate Athletic Conference, because it could prove to be a big advantage for Eastern.

"I am pleased with the fact that we beat Western because we play them at least three more times throughout the season. The win gives us the edge," Reichel said.

Eastern finished its pre-season scrimmage slate with a 2-2 record after Saturday's 3-1 victory over an Iowa club team. In other College Day competition, the Lady Panthers lost a 2-0 decision to Iowa State, which, according to Reichel, is one of the top eight teams in the nation.

The Panthers had dropped their opening scrimmage match Aug. 29 to

the Central Club.

Reichel said she was happy with College Day because it gave the team a chance to get used to where everyone plays.

"I feel that our line-ups are more secure now that I've had a chance to see three games," Reichel said.

Returning starter Gail Neibur was high scorer for Eastern with two goals. Reichel said goalie Judy Waterbury was a strong contributor to Eastern's success over the Iowa club and Western squads Saturday.

"Judy saw a lot of action in the three games we played. She had a high percentage of saves," Reichel said.

"Everyone played well and now we need to work on consistency," Reichel said. "I even had some surprises from my bench. Nancy Fanta and Cheryl Holthaus both went into the game and played very well. Holthaus even scored a goal."

The Lady Panthers travel to Valparaiso Friday where they open the regular season with a 4 p.m. match.

Eastern midfielder Agyeman Prempeh, No.10, maneuvers between two University of Wisconsin-Milwaukee players in Saturday's contest. Prempeh scored the only goal as the Panther booters opened their season with a 1-0 victory over Milwaukee. (News photo by Tim Smith)

## Booters\_\_\_\_\_from page 16

fullbacks Paul Kelly and Rick Lansing looked good in their college debuts.

"Those two really pleased me," Hyndman said. "My only objective for Rick is to work on his ball release and Paul has to go on the offensive a bit more. Otherwise they were both impressive."

**SOCCER NOTES...**Eastern will now practice this week in preparation for the Mayor's Cup tournament at Oneonta State in New York. The Panthers face Hartwick in the opening round.

No Eastern booters suffered any major injuries in Sunday's match, although the play did become physical at times. The Panthers committed 18 fouls while UWM had 27 infractions.

Aldo Esposito did see some action at fullback when Hyndman gave defender Randy DeRousse a breather. In addition, forward Guy Callipari dropped back to midfield for awhile, allowing forward Neil Swindells some playing time.

## Defense, rushing spur 27-14 victory over ISU

by Paul Black

Top-notch defense teamed with a surprising running attack lifted Eastern to a 27-14 season-opening victory over Illinois State Saturday at O'Brien Field.

The Panther defense limited Illinois State to 40 yards rushing, while offensively Eastern gobbled up 477 yards of real estate.

The tandem performance of running backs Kevin Staple and Wes Nixon proved to be devastating, as the Panthers ended the contest with 314 yards rushing on 51 tries for an average of better than six yards per carry.

"We couldn't have drawn it any better on the chalkboard," Staple said. Staple and Nixon rushed for 144 yards and 133 yards respectively, while quarterback Jeff Christensen chipped in 38 yards on four carries.

"They didn't respect our running game at all and our offensive line came through for our backs," Christensen said. "The offensive line really won the game for us today."

Tight end Dirk Androff added, "I think they were so keyed up for our passing game that our running game just destroyed them."

In addition, the offensive line's depth proved valuable as left tackle Brad Mars and left guard Kent Lawrence were sidelined with injuries. Mars suffered an injury to the shoulder and Lawrence left with a bruised thigh.

Reserves Mark Zwilling and Del Pittman came on with good supporting roles which allowed the sweep game to run, Panther offensive coordinator

Chuck Dickerson said.

"At one stage of the game, we ran eight sweep plays in a row and they didn't stop us," Dickerson added.

Dickerson also had great praise for center George Tuzil. "He didn't miss a call. Since he reads the defense and hands out the blocking assignment to our line, our success largely rested on his shoulders."

Consequently, Eastern's offensive efforts boosted the defense's optimism and the Panthers were headed for their finest opening day team effort. "We're together," Panther defensive end Elvin Carmichael said following the game.

Panther defensive coordinator Cal Jones said, "Our hard work paid off. The extra year has added maturity to our team. The kids see how close-knit our coaching staff is and the unity has carried over to the team."

The Panther front four of Keith Wojnowski, Greg Duncan, Chris Nicholson and Carmichael led the way as they combined to bottle up the middle. The linebacking unit of Ortega Jackson, Bill Mines and Reggie Taylor were in on 30 tackles and six of Eastern's eight quarterback sacks.

"We have no superstars on the team," linebacker David Ferguson added. "There's no arguing in the huddle like there was last year and we don't get down on each other if we blow a play."

In addition, the defense also had more success with the blitz than in last season's 25-3 loss to Illinois State at Normal. Cornerback Randy McCue intercepted two Redbird passes and broke up a third under heavy Eastern pressure.

"When we blitzed and got burnt last year, it was because of blown coverage," McCue said. "Today, everyone knew their assignment and we were able to disguise the blitz. This gave ISU's offense little time to adjust."

Eastern notched its first touchdown when Illinois State quarterback Steve Moews opted for a quick kick on third down. However, Nicholson blocked the attempt and Carmichael recovered the ball on Illinois State's one-yard line.

Christensen scored on a keeper with 3:20 left in the first quarter and after Dave Strauch added the extra-point kick, Eastern led 7-0.

This attempt by Illinois State quarterback Steve Moews' to fool the Panther defense backfired Saturday. When Moews tried a quick-kick on third down, Eastern tackle Chris Nicholson blocked the punt and Elvin Carmichael recovered the loose ball, setting up Eastern's first touchdown. (News photo by Sam Paisley)

The Panthers increased their lead on their second attempt. Christensen dumped a pass to Staple, who broke two tackles en route to an 18-yard completion. Two plays later, Christensen found Darryon White along the sidelines for a 52-yard TD reception. Strauch added the kick and Eastern led 14-0 early in the second quarter.

Illinois State rallied to get on the board as a Christensen pass skidded off Androff's hands and into Redbird linebacker Bob Pfeifer hands. Three plays later, Kevin Jones bulled his way

into the end-zone on an eight-yard ramble. The extra-point cut Eastern's lead to 14-7.

Nixon capped a 78-yard spree when he side-stepped the outside linebacker on a sweep right and raced for a 31-yard score with 5:49 left before the half.

Staple added the last Panther score with 2:04 remaining in the third quarter. The 93-yard scoring drive spanned 10 plays, in which Staple ran five times for 43 yards.

(See SPURS, page 14)

## Booters score narrow first-game victory

by Jim Woodcock

The soccer Panthers' 1-0 decision over the University of Wisconsin-Milwaukee Sunday at Lakeside Field started the 1982 campaign on the right foot, but head coach Schellas Hyndman said he was not overjoyed with his squad's debut.

"Of course I am never disappointed with a victory," Hyndman said, "but we have a lot of things we have to work on this week. I think we played to about 40 percent of our ability."

"We just didn't move the ball well and there was a lot of individual play," Hyndman said. "It is something we will have to work on this week in practice, as well as a little more conditioning perhaps."

However, Hyndman did not dispute the fact that the Panthers were playing against a talented UWM team. "They, of course, were doing a good job con-

taining us and they had 11 players giving 100 percent on the field."

Eastern still managed to control the tempo for most of the match, as indicated by the 12 corner kicks forced by the Panther offense.

All-American Agyeman Prempeh provided Eastern with the winning margin at 41:04 of the first half after a flurry of action in front of UWM netminder Chris LaPorte.

Midfielder Graham Whitehead sent the ball into a maze of players and Prempeh was the one who eventually came up with the ball, knocking it past LaPorte.

"It was actually a shot, but I knew there were players in front who could get to it," Whitehead said. "I guess it wasn't a very good shot but I knew it could find someone in the middle."

Following the Panthers' lone tally, play by both squads was cautious until

UWM came to life at the midway point in the second half.

After just entering the game, UWM forward Fabio Maris hit a line drive that rattled off the goalpost and minutes later, a mix-up between Panther goaltender Eric Hartman and Albert Adade almost resulted in a goal.

It was about then that the momentum switched over to Eastern. Fullback Randy DeRousse and Whitehead just missed scoring opportunities and with 11:17 left to play, a goal by Damien Kelly after a cross by Aldo Esposito was nullified by an offside call.

"We will have to get away from the offside calls," Hyndman said after Eastern was caught offsides six times. "A lot of it was just mental fatigue. We'll have to start concentrating a bit more."

Hyndman did indicate that freshmen (See BOOTERS, page 15)

## Inside

### Slow start

Despite dropping their opening match, Eastern's spikers rallied for three triumphs Saturday to take the EIU Invitational title.

### Ready to start

Eastern's field hockey team completed its pre-season schedule Saturday with two victories at Western Illinois' College Day. The decision over Western was an important one for the Panthers, who will meet the conference rival again during the regular season.
